

Fig. 1

FIG. 2

Fig. 3

Fig. 5

A hand-drawn diagram of a rectangular structure, possibly a building or a container. It consists of a large outer rectangle. Inside, there is a smaller rectangle on the left side. To the right of this smaller rectangle, there is a vertical line extending from the top edge to the bottom edge. At the top of this vertical line, there is a small square. Below this square, there is a horizontal line segment. The overall shape is somewhat irregular, suggesting a sketch.

7

A hand-drawn diagram consisting of a 2x2 grid of squares. To the right of the bottom row, there is a small square with a horizontal line extending to the right from its right side.

Fig. 14

Fig. 16

Fig. 17

The image shows two hand-drawn diagrams of brackets. The top diagram is a square bracket, consisting of a horizontal line with a vertical line segment at each end. The bottom diagram is a curly bracket, consisting of a horizontal line with a vertical line segment at each end, and a curved line connecting the two vertical segments.
